

# Permian Basin Underground Water Conservation District 2018 Scholarship Essay Contest Guidelines and Rules

The Permian Basin Underground Water Conservation District (PBUWCD) is sponsoring an essay contest and encourages all seniors within the District who plan to attend college to participate. The PBUWCD Essay Contest increases the awareness of groundwater issues by rewarding high school students for high quality research and writing. The \$2,000 scholarship can be applied toward tuition for any college, community college, or training institution. A panel of independent judges reviews all essays and score them based on content, accuracy of information, originality, grammar, quality of research, and style. Essays must discuss groundwater issues; however, applicants do not have to be planning a career path in a water related field to apply.
